## OGDEN WARRIORS ARE TO MEET GRANITE IN SALT LAKE

Friday afternoon, the Ogden high school football team will again journey to Salt Lake City, this time to meet the Granite high school team. According to Manager Harold Tripp, the "Tigers" are in fine fettle for the game, encouraged by their victory last Friday, but not over-confident as they are not desirous of taking any chances of losing.

The squad which will make the trip will number about 17 players, including the complete lineup of the previous game and Davidson, the star guard. Davidson was unable to participate in the Ogden-Eastside contest, but has come back strong this week and will add considerable strength to the Orange and Black squad. The players will depart for the state capital at 11 a. m. and will remain there until Saturday night, so as to get a line on the West-side high school team. The West-siders are to play the Eastside high school boys on Saturday and the result of this game is also being anticipated with interest by the Ogden players.

One week from tomorrow, the Ogden high school team is to leave for Idaho for a game with the Boise high school team on the following Saturday. One week from that date, Nov. 20, the locals will meet the Westside Salt Lake high school at Ogden, in what is expected to be the biggest game of the season.

OLD-TIME SOCIAL AND DANCE. The Weber stake presidency, high council, bishops and auxiliary stake boards will greet the members of the Weber stake and friends from other stakes in the reception room at the Berthana social hall, Friday evening, having been named as a reception committee, by the stake amusement committee. The occasion will be the annual old-time social and dance of the Weber stake and an invitation is extended to the people of Weber county in general to be present to enjoy the good time that has been planned.

In speaking of the party today, M. Charles Woods, chairman of the stake amusement committee, stated that it would be of an entirely informal nature, so that the question of dress would be no barrier to anyone who desired to join with the stake and ward officers in their annual party. The program of dances, he said, had been arranged so as to give the old and young people an opportunity of dancing according to the rules of the days in which they learned the art and as a special feature, a number of young girls from the Second ward are to give an exhibition of the state-ly "Minnet."

The relief society stake board, as a refreshment committee, has planned an appropriate luncheon for the guests, to be served in the banquet room and liquid refreshments will be served at the booth adjoining the ballroom.

## Deaths and Funerals

GODDARD—The funeral of Helen Kelly Goddard will be held at 2 p. m. tomorrow in the Eleventh ward meeting house on Thirty-first street, between Washington and Grant avenues. Interment will be in the city cemetery. The body may be viewed today from 5 to 9 p. m. and tomorrow until the funeral hour, at the home, 321 Thirty-third street.

WHERRY—Dr. and Mrs. S. W. Wherry went to Salt Lake today to attend the funeral of the infant daughter of Dr. and Mrs. C. A. Wherry. The babe died Monday night of pneumonia.

DEVLIN—The remains of Michael J. Devlin arrived on No. 6 over the Southern Pacific this morning and were taken to the Kirkendall chapel where funeral services will be held Friday at 2 p. m. The F. O. Eagles will attend in a body. Interment, Mountain View cemetery.

M'ARTHUR—This afternoon at 1 o'clock the body of William M'Arthur arrived in Ogden on a special. The funeral cortege formed at the depot and proceeded to Ogden City cemetery where interment occurred. Short services were held at the grave by the B. of L. E.

The entire first balcony 10c for adults for Alhambra-Orpheum Vaudeville.

## DEATH SUMMONS CIVIL WAR OFFICERS

Oakland, Calif., Nov. 2.—Rear Admiral Thomas R. Stowell Phillips, U. S. N. retired, died at his home here early today. He was 66 years-old and is survived by the widow and one daughter.

Washington, Nov. 3.—Brigadier General George M. Sterburg, retired, surgeon of the army from 1893 to 1902, and a civil war veteran, died today at his home here.

## MAN KNOCKED DOWN AND ROBBED BY STRANGERS

To be assaulted and robbed by two men who led him away from the business district of the city, apparently for the purpose of doing him a favor, was the experience of Joe Mootz last night. He lost \$35, but was thankful that his assailants left him \$20, which they failed to find.

He came to Ogden from Logan early yesterday evening. After seeing the lights about town until a late hour, he asked the advice of two young men as to where he could find a rooming house. The men, he said, offered to conduct him to one. Accepting the invitation, Mootz went south with them on Grant avenue, to a point near Twenty-seventh street, when they suddenly assaulted him. He was knocked to the ground and, while one of the men choked him, the other searched his pockets for valuables. After they secured the \$35, thinking it all he had, they left him in a dazed condition. As soon as he recovered his bearings, he reported the affair to the police.

## TILLMAN D. JOHNSON OF OGDEN NAMED U. S. JUDGE

Washington, Nov. 3.—President Wilson today appointed Tillman D. Johnson of Ogden, Utah, United States district judge for Utah.

Salt Lake City, Utah, Nov. 3.—Tillman D. Johnson has been well known in public life of Utah for many years. He is a native of Tennessee, 58 years old. He was graduated from Cumberland University, Lebanon, Tennessee, in 1880, and studied law at Knoxville before coming west. He had charge of the government Indian schools at Port Bennett, S. D., and Fort Hall, Idaho, from 1886 to 1889, and engaged in the practice of law at Ogden, Utah, in 1890, where he now lives. He has been prominent in Democratic political circles, was in the state legislature in 1899 and was Democratic candidate for representative to congress in 1912.

An Ogden lawyer, when he read the Standard bulletin announcing Mr. Johnson's nomination, said this was one of the most distinguished honors that could come to an American lawyer, and was next in importance to a position on the United States supreme bench.

The office is for life, with a salary of \$6,000, and the incumbent cannot be removed except by impeachment proceedings instituted by two-thirds of the lower house of congress and sustained by two-thirds of the senate. A federal judge has power almost unbounded and there are not more than eighty United States district judges in the United States. It is an honor above that of United States senator, and is the first distinction of that degree to be tendered a resident of Ogden.

Mr. Johnson may find it necessary to move to Salt Lake City, but he will hold court regularly in Ogden and may divide his time between the two cities.

Among lawyers, Mr. Johnson is recognized as a man of ability, whose integrity is never questioned.

## A man hunt with bloodhounds, by government officers, in "The Heart of the Blue Ridge," at the Isis today.

TRAINMASTER IS HERE TO TAKE CHARGE OF U. P. AFFAIRS

A. W. Woodruff, trainmaster of the Eighth and Ninth districts of the Wyoming division of the Union Pacific, arrived in Ogden this morning from his headquarters at Green River, Wyo., and took charge of the office in the Union depot building vacated by Superintendent S. R. Toucey. The new official was accompanied by his chief clerk, Thomas Garvey, and will bring his family to Ogden later in the month to take up a residence here.

Mr. Woodruff was trainmaster at Green River for three years past and prior to that time was assistant superintendent of the Wyoming division, with headquarters at Cheyenne. Though somewhat new to Ogden, he is well known and liked on the division and it is expected that he will find many new friends.

## EIGHTEEN LOST IN SHIPWRECK

Steamship Strikes Reef at Entrance to Coos Bay—Eleven Bodies Recovered—Seven Missing.

Marshfield, Ore., Nov. 3.—Eighteen persons are believed to have lost their lives when the passenger steamer Santa Clara from Portland to San Francisco went aground on the South Spit near the entrance to Coos Bay late yesterday. Eleven bodies have been recovered and seven other persons are missing.

The Santa Clara struck on what is known as Mussie Reef on the south spit about twenty miles from Marshfield in a southerly gale. The vessel first struck a shoal and was awayed by her bows and thrown onto the reef half a mile inside the bar.

Lifeboats Capsized. The loss of life occurred when lifeboats were lowered in an attempt to send the passengers ashore. At least one of the boats capsized in the heavy seas. At daylight the Santa Clara was holding an even keel and may not be a complete wreck. Searching parties early today resumed the patrol of the beach in an endeavor to recover more bodies. Tugs also were dispatched to the scene for the same purpose. On account of the distance of the wreck from wire communication, reports were slow.

The identified dead follow: Madeline Rooney and Mrs. Hale, both of South Bend, Ind. Mrs. Bridget Dunn, Butte, Mont. Mrs. D. H. Thorne, Hood River, Ore. J. Morris Bogue, 9 years old, Gold Beach, Ore.

Thirteen-months-old child of J. C. Rowley of Mill City, Ore. Eugene Gillenwater, 7 years old.

## FRIDAY EVENING, NOVEMBER 5TH. ANNUAL OLDTIME SOCIAL AND DANCE AUSPICES WEBER STAKE at BERTHANA SOCIAL HALL

Tickets \$1.00. Extra lady 50c.

On sale at Orpheum Theater, Hudson Drug Store or can be purchased of ward bishops and high councilmen. Not on sale at Berthana hall.

Gale Graham, Portland, Ore. — Handless, offer.

The bodies of two unidentified women were recovered. One is about 35 years old and the other about 50. According to Mate Tesele the shoal upon which the vessel first struck was uncharted, apparently having recently been formed. In a southerly gale and heavy sea she became unmanageable after striking the shoal and was thrown on the south spit, half a mile inside the bar.

After striking the spit, lifeboats immediately were lowered. Two boats overturned in the surf. One contained mostly passengers while the other carried the captain and most of the crew. Most of those in the latter boat managed to swim ashore.

Forty-Eight Passengers Aboard. There were forty-eight passengers aboard and crew numbered 42. Of those who reached shore, many were still in a condition of exhaustion today. Vehicles were dispatched from here to bring as many to Marshfield as are able to travel.

Latest reports said that a heavy sea was pounding the Santa Clara today and that she probably would be a total loss.

The Santa Clara was a wooden vessel, 223 feet long and registered 1209 net tons. She was built at Everett, Wash., in 1900 and was owned by the North Pacific Steamship company. She operated between Portland and San Francisco via Coos Bay and Eureka.

Mary Pickford and fifteen other stars in a six-reel program at the REX today.

## SERBS CHECKING THE BULGARIANS Forces Stopped at Izver Defile Northwest at Krivolak—People of Monastir Relieved.

Saloniki, Greece, Nov. 3, via London, 1:33 p. m.—The Bulgarians who are invading southern Serbia appear to have encountered a check at the Izver defile northwest of Krivolak, where the Serbians are strongly entrenched. In consequence of the resistance on the part of the Serbians the residents of Monastir are somewhat less fearful that the city will fall into the hands of the invaders. Some foreigners at Monastir including the family of the Russian consul have abandoned their intention of quitting the town.

Toward the north the Bulgarians have captured the famous Katchanik Pass. In front of Tetovo, which the Serbians hold with strong forces, the advance of the Bulgarians has been arrested. The Serbians have been able to assume the offensive in the district of Vratza.

The front in Macedonia held by French and British troops there is little change. The entire occupied region has been cleared of Bulgarians as far as the frontier.

## GREAT INROADS MADE BY DRYS

Big Majorities of Last Year Cut Down in Ohio's Wet Strongholds.

Columbus, O., Nov. 3.—Though Ohio voters yesterday rejected state-wide prohibition for the second time in two years, great inroads were made by the temperance forces on wet territory. Fairly accurate returns from 77 of the 88 counties of the state gave a majority of 41,000 against prohibition amendment. Estimates on the official majority against the proposal run from 30,000 to 40,000.

Last year the prohibition amendment was defeated by a majority of 34,152. Pre-election claims by Anti-Saloon league leaders of big gains for their cause in the larger cities were partly realized. In Cincinnati, the stronghold of the liberal interests, last year's adverse majority of 75,696 was cut down to approximately 60,000, while in Cleveland the wet majority of 44,710 was reduced to about 38,000. Gains were also registered by the dries in many other counties.

The voters in Ohio not only rejected prohibition, but also defeated by substantial majorities three other constitutional proposals and two laws enacted by the legislature. One of the rejected proposals would have prevented for six years a vote on a state-wide prohibition proposal. The other amendments were to exempt from taxation all public bonds and to extend the terms of county officials from two to four years.

THE YATTOO. She (viewing the flagship)—What does he blow that bugle for? He—Tattoo.

She—I've often seen it on their arms, but I never knew they had a special tune for doing it—Life.

She—Are your intentions toward the widow really serious? He—They are! I intend, if possible, to get out of her clutches.—Boston Transcript.

## WORLD'S MARKETS

New York, Nov. 3.—Specialties, notably General Electric and Studebaker, together with low priced rails, were higher on the resumption of trading today, while investment issues, including Canadian Pacific, were inclined to recede. There were active openings in United States Steel, Missouri Pacific, Erie, Wabash and Pennsylvania at a fractional advance, but prices as a whole suggested increased speculative caution on moderate dealings. Bethlehem Steel advanced 4 points at 465. Foreign advices were of a pessimistic character and were reflected in lower quotations from London.

## Chicago Grain

Chicago, Nov. 3.—Bullish reports on the outlook for the domestic wheat crop carried the wheat market upward today after a show of weakness at the start. The opening, which ranged from 2 3/8 to 7 3/8 lower, was followed by the early growth in the winter crop belt are not of a character to give the vigor needed for the vicissitudes of cold weather.
